TKM MANAGEMENT LLC

COMMERCIAL FIELD SERVICES

A field partner for your next scope.

VENDOR CAPABILITIES

Georgia-based support for general contractors, facility managers and national service providers across the Southeast.

Predominantly self-performed work, with trusted partner companies as needed. Service locations, scheduling and project requirements are confirmed for each scope.

Repairs & interior refreshes

Drywall, painting, trim, wall base, flooring and concrete repairs. Punch lists, refreshes and rollout support.

Doors, docks & safety work

Doors and hardware. Overhead-door and dock-leveler preventive maintenance inspections. Handrails, welding and light fabrication.

Commercial project support

Commercial and industrial repairs, site coordination and project-based construction support for active facilities.

Communication & closeout

Defined scopes, responsive communication, progress updates and photo-documented completion for single-site and multi-location work.

DOCUMENTED FACILITY EXPERIENCE

Work at Amazon and Graybar facilities through AllPro IFM, plus projects at Rivian and Harbor Freight facilities.

SEND YOUR VENDOR ONBOARDING INVITATION

Include your service locations, available scopes and procurement requirements. Company-specific onboarding documents coordinated directly with procurement.
